Variety: London Dry Gin

Botanicals

BOTANICALS
OF THE TERRITORY BY
Leonardo Veronesi

Lemon

Juniper

Olive

Asperula

Mentuccia

Laurel

Rosemary

Clary Sage

Sage

Method

The maceration of 9 Trentino botanicals is carried out in 2 different phases. The Juniper is macerated for 15 days, the rest of the botanicals (Olive; Asperula; Laurel; Rosemary; Sage; Salvia Sclarea; Mentuccia) for 12-96 hours. The two macerations are combined in a still, leaving the botanicals immersed and adding peels of Garda lemons. The distillation is carried out with a 1000 litre discontinuous Bain-Marie still. Diluted to 45% vol. with spring water.

Taste notes

Nose: Juniper aroma, with slightly citrusy final notes, good persistence and intensity.

Taste: complex, dry, decisive, herbaceous, and leaves the palate dry with pleasant notes of Juniper, with excellent persistence.
